Personal information

Title: Mr.

Gender: (M/F) M

Name: AMIN TUTUNCHIAN, Mohammad

Suffix:

Mailing address (Street or Postal Box): Geotechnical Engineering Group, School of Civil Engineering,
Iran University of Science and Technology, P.O. Box 16765-163, Narmak, Tehran, Iran

City: Tehran

Province/State: Tehran

Postal code:

Country: Iran

Email address: tutunchian@civileng.iust.ac.ir

Website:

Phone number: +98 912 515 22 19

Fax number:

Current affiliation: School of Civil Engineering, Iran University of Science and Technology

Job title: Executive Engineer for Abad Shahr Tadbir Consulting Engineering Company

Education Background

Highest degree received: M.Sc., Geotechnical Engineering

Received from: Iran University of Science and Technology, Iran (2008)

Major:

Professional background

Professional background relevant to GEOSNet:

Studying the dynamic behavior of shallow foundations by means of 1-g shaking table and investigation on mitigation techniques in liquefiable sandy soils-Evaluation of the importance of physical modelling in geotechnical engineering

Main reasons for your interest in GEOSNet and potential contributions to the network:

To know more about Safety related geotechnical engineering works and sharing my experiences in geotechnics
