Current affiliation: University of Tahar Moulay – Saïda (UTMS), Algeria

Job title: lecturer, researcher

Education Background

Highest degree received: Master in Geotechnical Engineering - BAC+7

Received from: University of Tlemcen, Algeria

Major:

Professional background

Main reasons for your interest in GEOSNet and potential contributions to the network:

My research interests are in the field of spatial variability and reliability in geotechnical engineering, and also I'm an active person who wants to help the GEOSNet reach the summit.
