Professional background

Professional background relevant to GEOSNet:

Foundations, Slope Stability, Maritime Structures (3+ years as Geotechnical Engineer, S.G.I. srl, Milan, Italy); Reliability of Flood Embankments (as PhD Student, University of Strathclyde, Glasgow, UK).

Main reasons for your interest in GEOSNet and potential contributions to the network:

I am interested in bridging the gap between research and practice regarding the incorporation of uncertainties in geotechnical design. Potential contributions to TG 3 and TG 4.
