### Personal information

Title: **Professor** Gender: (M/F) **M**

Name: **Sørensen, John Dalsgaard** Suffix:

Mailing address (Street or Postal Box): **Sohngaardsholmsvej 57**

City: **Aalborg** Province/State:

Postal code: **9520** Country: **Denmark**

Email address: **jds@civil.aau.dk** Website: **www.aau.dk**

Phone number: **+45 9940 8581** Fax number:

Current affiliation: **Department of Civil Engineering, Aalborg university**

Job title: **Professor in 'Structural Reliability'**

### Education Background

Highest degree received: **PhD in Structural Reliability, 1984**

Received from: **Aalborg University**

Major: **Structural engineering (and reliability)**

### Professional background

Professional background relevant to GEOSNet:

**Calibration of safety factors for geotechnical design (Eurocodes and Danish national annex)**

**Research projects related to reliability assessment of foundations for breakwaters; onshore and offshore wind turbines and buildings**

**Member of JCSS (Reporter 2005-2011 and President 2011- )**

Main reasons for your interest in GEOSNet and potential contributions to the network:

**To get access to a network with specific knowledge on geotechnical engineering, especially with respect to probabilistic modeling and reliability assessment.**

**I could contribute with general knowledge and experience from many research and development projects related to reliability assessment of foundations to various types of structures.**
