Personal information

Title: Mr

Gender: (M/F) Male

Name: PHAM, Tu, Quang (abbreviation as P.Q.Tu)

Suffix:

Mailing address (Street or Postal Box): Simonsstraat 88

City: Delft

Province/State: Zuid Holland

Postal code: 2628 TJ

Country: The Netherlands

Email address: PhamQuangTu@wru.vn

Website: <http://www.citg.tudelft.nl>

Phone number: +31639655474

Fax number: <please insert text here>

Current affiliation: TU Delft, the Netherlands / Hanoi Water Resources University, Vietnam

Job title: PhD candidate

Education Background

Highest degree received: MSc

Received from: Hanoi University of Mining and Geology, Vietnam

Major: Geology Engineering

Professional background

Professional background relevant to GEOSNet:

I attended conferences in Singapore SEAGS2013 and ISGSR2013 in HongKong

Main reasons for your interest in GEOSNet and potential contributions to the network:

I chose my career related to Geotechnical Engineering after graduating in 2000 in a transportation Construction Consulting Company in Vietnam. In 2009, I met my promotor Prof. Hans Vrijling and I turned to Risk and safety in Geotechnical Engineering and Hydraulic Engineering.

I hope to encourage my students getting to know about risk and safety in Geotechnical Engineering and civil Engineering, and to expand GeoNet in Vietnam and Southeast Asian countries.
