Personal information

Title: **PhD, civ.eng.**

Gender: (M/F) **M**

Name: **Zugic Zeljko**

Suffix:

Mailing address (Street or Postal Box):

City: **Belgrade**

Province/State:

Postal code: **11000**

Country: **Serbia**

Email address: **zzugic@gmail.com**

Website: **http://www.highway.rs**

Phone number: **+381-63-31-40-40**

Fax number: **+381-11-2466-866**

Current affiliation: **The Highway Institute, Belgrade, Serbia**

Job title: **Chief engineer**

Education Background

Highest degree received: **Doctor of technical science**

Received from: **The Institute of Earthquake Engineering and Engineering Seismology, IZIIS, University "Ss. Cyril and Methodius"**

Major: **Risk and reliability in the field of Earthquake Geotechnical Engineering**

Professional background

Professional background relevant to GEOSNet:

My master and PhD degree was in the field of geotechnical risk. So far I have published many conference papers and 2 journal papers:

Žugić.Ž., Sesov V.Garevski M , Vukicevic M., Jockovic S.," Simplified method for generating slope seismic deformation hazard curve", Soil Dynamics and Earthquake Engineering: Volume 69, Issue C (2015), Page 138-147 ISSN: 0267-7261, DOI 10.1016/j.soildyn.2014.10.005 IF(2014)= 1.302

Garevski M., Žugić.Ž., Sesov V., "Advanced seismic slope stability analysis", Journal of the International Consortium on Landslides, Springer, Landslides: Volume 10, Issue 6 (2013) Page 729-736, ISSN 1612-510X, Landslides, DOI 10.1007/s10346-012-0360-6 IF(2013)= 2.814

Main reasons for your interest in GEOSNet and potential contributions to the network:

Connecting and interacting with experts from my field
